Arizona Workforce Apprenticeship Keys to Employment

In 2009 the United States Department of Labor Employment and Training Administration (ETA) held a series of Action Clinics across the U.S. to support leveraging Registered Apprenticeship as a key talent development strategy in their public workforce systems.

A grant was received in 2009 to hold an Action Clinic in Arizona. The objective was to develop an action plan to develop a partnership between Registered Apprenticeship and the One Stop Career Centers, leverage Registered Apprenticeship to improve workforce system outcomes and performance, and use Registered Apprenticeship as a lifelong learning and career training model for a diverse array of talent pools.

More than 20 years of experience helping businesses succeed.
